Fall 2011 – Department of Geology Distinguished Lecture Series

Calendar:

Aug 29: Departmental meet & greet

Sep 5: Labor Day (no seminar)

Sep 12: ConocoPhillips Fall Interviews, Sept. 14-16

Sep 19: Anadarko Fall interviews, Sept. 21-22

Sep 26: Elizabeth Petrie (USU) 'Carbon Capture and Sequestration — Learnings from RECS 2011'

Oct 3: Chevron presentation and Fall Interviews – October 3-4

Oct 4: Tank Ojha (University of Arizona) 'Role of GIS and Remote Sensing to understand the Influences of Geology, topography, and Land Use dynamics on Mass Wasting and Soil Erosion Process in the Middle Mountain Region of Far West Nepal Himalayas' lecture at 2:30 in rm 102 (note change in time and place)

Oct 10: GSA week (no seminar)

Oct 17: Jim Evans (USU) 'Earthquake Petrology: The Signatures of Seismic Slip and Fluid Flow in Faults'

Oct 24: Tom Lachmar (USU) 'Feasibility of Extending an artificial Salmon-Spawning Stream, Marx Creek, near Hyder Alaska'

Oct 31: Mitch Prante and Brennan Young (USU) 'Benefits and pitfalls of the use of the iPad2 for field work'

Nov 7: Thesis progress reports: Thomas Freeman, Heidi Pearce, Steven Thornock

Nov 14: Jon Kirby (Curtain University, Perth Australia) 'Strength of the Canadian Shield: Inconclusive Admittance or Faulty Multitapers?'

Nov 21: Marlon Jean (USU) 'Geoscience Education and Diversity: Striving to Diversify the Geosciences Workforce'

Dec 5: AGU (no seminar)

All lectures are held at 3:30 on Mondays in Geology rm 105 unless stated otherwise. Refreshments will be provided.
